Vhy Physicians Recommend Castoria

TORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians th results most gratifying. The extended use of Castoria is unquestionably the result of three facts: First-The indisputable evidence that it is harmless: Second-That it not only allays stomach pains and quiets the nerves, but assimilates the food: Third-It is an agreeable and substitute for Castor Oil It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is un 'le Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information .- Hall's Journal of Health.

Ward, of Kansas City, Mo., says : "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recom-

mendation of Castoria."

N. H., says: "I use your Castoria in my practice, and in my family."

Dr. Win. I. McCann or Omaha. Neb., says: "As the father of thirteen children I certainly know something about your great medicine and aside from my own family experience, I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home."

Dr. Howard James, of New York, City; says: "It is with great pleasure that I desire to testify to the medicinal virtue of your Castoria. I have used it with marked benefit in the case of my own daughter, and have obtained excellent resul s from its administration to oth r children in my practice."

Dr. J. R. Clausen, of Philadelphia, Pa., says : "The name that your Castoria has made for itself never objected to by children, in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."
